

## BILLS OF INCLOSURE.

The Committee appointed to consider of the Standing Orders of the House, relative to Bills of Inclosure, so far as respects the Setting out, or the Altering Public Roads, and to Report their Opinion thereupon to the House:

Have, pursuant to the Order of the House, examined the matters to them referred, and have come to the following Resolutions:

Resolved, That it is the opinion of this Committee, that in all Bills of Inclosures, there be inserted a Clause, by which the Commissioners shall be required to set out the Public Roads and Highways, in such directions as shall, upon the whole, appear to them most commodious for the Public; and to give notice of the general lines of such intended Roads, in some one Newspaper of the County, or if there is no such Paper printed in that County, then in the Newspaper of some near or adjoining County, as soon as may be after the setting out of such Roads: appointing, in the same notice, a Meeting of the Commissioners, to be held at some convenient place in or near to the parish or township within which the Inclosures are to be made, and not sooner than ten days from the giving such notice; at which Meeting, any person or persons who may be dissatisfied with the setting out of the said Public Roads and Highways, may attend, to state to the said Commissioners, his or their objections; who shall be required to hear and examine such objections; and if the said Commissioners, at their said Meeting, shall refuse to alter the said Public Road or Roads, or Highways, (to which objections shall have been stated), to the satisfaction of the person or persons objecting thereto, then the person or persons so dissatisfied, shall be entitled to appeal against all or any of such Public Roads or Highways, to some General Quarter Sessions of the Peace for the County, within four calendar months next after such meeting of the Commissioners as aforesaid, giving notice in writing to such Commissioners, of the intention to appeal, within ten days after such Meeting, and entering into recognizance with sufficient sureties before a Justice of the Peace for the said County, to try the said Appeal: and that the said Commissioners, or one of them, or their Surveyor or Clerk, shall attend at such Sessions, and the Justices in Sessions, upon due proof of such notice being given, and of the entering into such recognizance, shall, on hearing the evidence, finally determine whether the said Roads or Highways so appealed against, shall be made, and shall make and give such orders and directions, touching the matters before them, and award such costs to either party as to them shall seem expedient; and such determination of the said Justices shall be final, and shall not be removed or removeable by *Certiorari* or otherwise; but in case no such notice shall be given, or such recognizance shall not be entered into, or such Appeal shall not be proceeded in as aforesaid, then such setting out of the said Roads or Highways, by the said Commissioners as aforesaid, shall be final and conclusive.

A butcher of Norwich, named Kitt, last week, purchased 113 bullocks in Smithfield, at 5l. to 10l. per head cheaper than he could have bought them in the Norfolk Markets.

A few days since, a lad, son to Mr. Rees, fadler, of Taunton, fishing in the river Tone, perceiving something floating down the river, which he thought was a bundle of rags, he threw his line across it, and it proved to be the wife of a waggoner, who had been missing for near a month past. It is supposed that she threw herself into the water in a fit of insanity.

The Assizes for Somersetshire did not conclude until Monday last, when the awful sentence of death was passed upon the following nine malefactors, and who were left for execution, viz. Samuel Tout and Robert Westcot, for heading a mob, and breaking into the dwelling-house of Richard Griffey, and stealing 15 loaves; John Tucker, Robert Dow, and Robert Wygood, for house-breaking; George Tout, otherwise Greenslade, for stealing wheat and sheep; Richard Warry for the same offence; Michael Day, for stealing a cart mare; and Peter Kingdon, for stealing two heifers.

WARWICK.—At the Assizes for this County, which ended on Wednesday se'night, John and Hannah Palmer, (brother and sister) for the wilful murder of the wife of the former, received sentence of death. They were executed on Wednesday. Palmer declared he had no malice in his heart against his wife, and that he should never have murdered her, but through the persuasion of his mother, who, he said, "would let him have no peace until he had got shut of her." The mother was committed, but died in gaol. It appeared the mother and daughter held the unfortunate wife's arms whilst Palmer cut her throat.
